

**Director and Professor
Dipl.-Phys.
Hans-Ulrich Mittmann**

Personal data

Name: Dipl.-Phys. Hans-Ulrich Mittmann

Address: Federal Institute for Materials Research and Testing (BAM)
Unter den Eichen 87
12205 Berlin
Federal Republic of Germany
Tel. ++49 30 – 8104 – 1900
Fax ++49 30 – 8104 – 1907
e-mail: hans-ulrich.mittmann@bam.de

Family status: married, 2 children

**Place/date
of birth:** Berlin, 8th October 1942

**Foreign
languages:** English (fluent)
French (extended basic knowledge)
Italian (basic knowledge)

Study

1968 Diploma as certified physicist, Free University Berlin

Graduation

1968 – 1971 „Elastic scattering of protons on rare gases and molecules“,
Hahn-Meitner-Institute, Berlin

Career

1971 – 1973 Scientific assistant, Hahn-Meitner-Institute, Berlin

1973 – 1976 Research project „Friction and wear behaviour of plastic metal
couples“, BAM

1976 – 1979 Scientific work in the area „Isotope abundance measurement in
uranium and plutonium samples by means of computer-aided
mass spectrometers for solid matter and gases“ for the
International Atomic Energy Agency (IAEA) at BAM

1979 Head of Division „Information and Public Relations“, BAM

1986 additionally: Head of Division „Knowledge and Know-How
Transfer“, BAM

1987 – 2005 Head of Department „Interdisciplinary Scientific and
Technological Operations“, BAM

Since 2006 Head of Department „Accreditation, Quality in Testing“, BAM

Additional activities

Since 1985 Expert in several countries, e.g. Brazil, Saudi Arabian, the
Commonwealth of Independent States and EU accession
countries

Since 1991 President of the German Accreditation Council (DAR) and
representative in national and international organisations of
accreditation, partly as chairman

37 publications and 66 lectures
